## Basket Dinner On Hardwicks Creek.

There will be a meeting at the Methodist Church on Hardwicks Creek, on the fourth Sunday in this month. There will be two services, one at 11 a. m., and one at 2 p. m. There will be dinner on the ground for all who comes and everyone is invited to attend and enjoy the day. Plenty of water and good shade. Judge Mann will preach, his subject for the morning being "The Millennial Reign of Christ."

A. M. Lowe dropped into The Times office Wednesday morning on his return from Estill county where he has been busy stirring up the voters in his campaign for the nomination for Representative. Mack reports everything as being lovely for him, and is dead sure of getting the nomination, after which, he says, it will only be a matter of form to perch the rooster on top of the log cabin in the November election. He claims to have covered nearly every acre of the district on foot, which is "Walking some."

Mr. and Mrs. Clay Williams are receiving the congratulations of their friends on the arrival Tuesday morning, of a pretty baby girl.

WE WILL GIVE FIVE TIMES THE REGULAR AMOUNT OF BOOSTER COUPONS

From MONDAY, JUNE 14th to MONDAY, JUNE 21st, we shall give five times the regular amount of Booster Coupons for purchases made at our store with cash or produce, or for money deposited with us, to be traded out later. Double coupons in settlement of accounts.

We give fifty Booster Coupons to each person presenting a list of three articles, and a 42-piece Dinner Set to the one making the most complete list of articles we sell, as well as thousands of Booster Coupons. Get particulars at our store.

In order to reward the persons who have made the most complete list of articles in the Listing Contest, the Booster Journal, of Springfield, Ill., will give to each of the best ten, who is not now a Booster, a non-transferable coupon check for 500,000 Booster Coupons. This must be deposited by yourself in the Booster Club Ballot Box. This check with other Booster Coupons you can collect will enable you to win one of the premiums that will be given in the Booster Club.

Who will be the best Booster and win the 4th Watch on Monday, June 28th?

Music next Saturday by Miss Beatrice Blount

## Select Teachers For Next Year.

At the regular meeting of the Board of Trustees Saturday night, the teachers for next year were selected, Mrs. Seale, of Winchester, being chosen as Superintendent, and Miss Maud Bowen, of Slade, as Assistant. Both these ladies are excellent teachers, Mrs. Seale having had a number of years experience in advanced work and being thoroughly qualified, while Miss Bowen passed her examinations very satisfactorily, and bears splendid recommendations from previous schools that she has taught.

## Family Dinner.

The Mountz family, to the number of twenty, enjoyed a family dinner at the home of Mr. Tom Mountz, last Friday night. The dinner was in the way of a family reunion, the members having been separated for some years, and a splendid time was had by all present.

Richard Crowe, who has been attending Johnson Bible College at Kumbel Heights, Tenn., will preach at the Christian church next Sunday morning and evening. Come and hear him.

## 17-Year Locusts Due This Year

According to the reports of the U. S. Department of Agriculture, the 17-year locusts are due to put in appearance this year in the eastern states. In the warning sent out by the Government Letcher county is the only one mentioned as being liable to an invasion by this brood, and it is expected that their number will be slight.

The damage done by these locusts is mostly to trees, the female slitting open the bark in order to deposit her eggs. To prevent this damage it has been found by experiments that trees sprayed with Bordeaux mixture or a lime wash, are immune, as the locusts avoid them.

The Department of Agriculture gives full instructions as to remedies for the damage done by this pest, and this information will be given to anyone writing for it.

## New Superintendent Takes Charge.

Mr. Kerstetter is thoroughly qualified for this work, and will make an excellent Superintendent. Mr. Schirmer, who has been in charge for the past few months, will probably be placed in charge of reorganization work, with the idea of placing all the Homes maintained by the Presbyterian church, in a better condition, and enable some of them to be self sustaining.

## Ice Cream Supper.

The Ladies' Aid of the Methodist Church will have a Ice Cream and Strawberry supper at the church next Thursday, June 17. Everybody is invited to attend and enjoy the good things.

## NOTICE!

Will the party having possession of the pistol owned by Steve Rose at the time he was on the police force, leave same at this office or send it to Mrs. S. D. Rose.

The many friends of Conductor Sam Martin, of the L. & E., will regret to know that he is still unable to return to work. Mr. Martin is one of the best conductors on the road, and has a host of friends round here.

Mr. John W. Hendricks is having his house painted, the work being done by Chas. Russell, H. G. Crabtree, Mrs. Derickson and Mrs. Rose have also had their properties painted, greatly improving their appearance.

## STANTON.

(By P. O. Derthick.)

Mrs. James Martin and little son are visiting friends in Winchester this week.

Clay Conlee was taken to the hospital at Lexington last Friday for an operation on his leg. He will be out again in a few days.

Mrs. Charles Vallandigham, of Winchester, is visiting her sister, Mrs. Henry Tipton. Mrs. Tipton's brother, Charley Forkner, with his wife and children, also visited there last week.

Mrs. Vance and daughter, Mary, of Lexington, are visiting Mrs. Margaret Vance this week. Miss Mary is just out of the hospital from an operation for appendicitis.

County court day Monday and quite a crowd came to town. E. B. McGlone, D. R. Daniels and Frank Kennon, from Clay City; Green Garrett, J. H. Hardwick and Charley Spencer, from Winchester; Grant Baker, from Hardwick's Creek, and several others whose names the writer failed to get, were among the out-of-town visitors.

Mr. and Mrs. Earl Sleeth left Tuesday morning for points in Ohio, where they will visit. Later Prof. Sleeth expects to enter Ohio State University to take a course in agriculture. We regret to see them leave, as they were valuable teachers in our college. Prof. Sleeth was doing a great work for the farmer with a stereopticon, illustrating the best methods of farming, and Mrs. Sleeth was the best music teacher that has ever been in the college. He pupils would like to see her back again.

Have you noticed how nice Daddy Clark's home looks inside and outside? Bob Stone papered most of the rooms and painted the woodwork on the inside as well as the outside. Some people think it is spending too much money to paint, but it is saving money. It saves the building from so much repair work if they are painted as they need it. Painting is one of the most economical ways of saving your money if you stop to think. Then it adds greatly to the appearance of a town and to your farm or lot. It increases it in value a third more.

Watch the papers for next week. If all things go as we expect them there will be a fiddlers' contest in Stanton in about two weeks to raise money to place a fence around our beautiful cemetery. Now this money will be used for this fence and will not go to any base ball club as money that was raised before. A spelling bee may be held on the same night. So limber up your fingers on your banjos and get out your old blue back spelling books and study up on those hard words. This contest is sure to come off some time this month. Watch for next week's paper.

There has been some talk of

## RELIGIOUS.

There will be preaching at Hardwick's Creek next Saturday night, Sunday morning and Sunday night, June 12 and 13. Because of the fact that I have held but one service at this place each month for some time past, due to the very bad condition of the roads, I shall be pleased to have every-body attend. We are expecting to have a business session at one of these services, for the purpose of getting in touch with the membership and for discussing other matters of importance. This is your meeting in which you have a voice and a right.

Come and be with us.

E. H. Ritchie P. C.

D. H. Matherly preached at Speedwell Sunday. One added to church by baptism.

Stanton having a Commercial Club to help develop and build up the town. Such a club is sorely needed here and we think that we have enough public spirited men in Stanton to organize one. All the leading cities and towns have such a club and they go after men who are thinking of starting a factory or wanting to establish some business. They create a sentiment for good roads, clean cemeteries, with good fences around them, and numerous other things. A Commercial Club would mean much to our town, and perhaps there is nothing else that would make people sit up and take notice of us as this club. We hope that this talk that is being made about a club will materialize in an actual fact. Let us set a date for a meeting within the next two weeks and get together. There are a number of people who are talking of moving here but who hesitate on account of the increase of shooting at night upon our streets. Only last week Rev. J. T. Adams, our merchant, said he was expecting to buy a lot and build but that he was thinking of moving away because of the shootings that we have on our streets at night. Two other men told the writer within the last two weeks that they would not stay here if the town was not better protected. We wish the young men could realize the injury they are doing to Stanton in what they think is their fun at night. A Commercial Club could stop all this; seeing our officers will not do it. We do not believe in going after the boys from Clay City that shot upon our streets a few nights ago and then let our own boys go. As far as we can learn there has been nothing done with the drunken fight that took place at the college among our own boys on the night of the gold medal contest. We do not want to see our boys prosecuted, but we do want to treat everybody alike. If you go after the Clay City boys, then go after our boys. Clay City boys did not do one bit worse than some of our boys did on that night.

## CALL.

Pursuant to the call of the Republican State Central Committee, dated Feb. 12, 1915, it is hereby ordered by the County Executive Committee of the Republican party, of Powell county, Ky., that a mass convention be held at the Court House in Stanton, Ky., on Saturday, June 12, 1915, at one o'clock, p. m., for the purpose of selecting delegates and alternates for Powell county to the Republican State Convention, to be held in the city of Lexington, Ky., at 12.30 p. m., Tuesday, June 15, 1915, for the purpose of adopting a platform embodying the principles upon which the Republican party and its nominees will ask the support of the electors of Kentucky at the November election, 1915.

## SLADE.

Rev. Charley Garrison, of Wolfe County preached here Sunday.

Miss Bettie Proffitt, of Stanton, visited the Mises Ford Sunday.

Miss Maudie Bowen will teach in the Clay City school this year. The Clay City people will not regret hiring her. She is a wide awake teacher and can always get the same school twice. Ernest Faulkner will teach the Slade school. Miss Annie Bowen has no school yet. Annie says they all want experienced teachers and she does not know how she will ever become one if they don't give her a chance to have experience.

A. J. Welch and daughter, Miss Gladys, of Rosslyn, passed through here last week going to South Fork, where Miss Welch was employed to teach school.

Ed Garrison of Meadow branch called on relatives here Saturday and Sunday, but it seemed the greatest attraction for him was somewhere near Rosslyn.

Mr and Mrs Sanders Mcknabb are both confined to their beds at this writing.

Mrs Herbert Johnson remains in a serious condition. She has been confined to her bed nearly six months.

Corn is looking well in this neighborhood and farmers are working between showers to keep the weeds from getting too good a start.

Rev. D. H. Matherly was here the 2nd but owing to the rain the W. O. T. U. did not have their public meeting as intended but will at a later date.

## Prominent People Now Taking Tanlac

Men and Women from all Walks of Life fitted by Remedy

Louisville, Ky., June 10.—E. G. Isaac, president of the Taylor Isaacs Drug Co., Louisville, says: "The demand for Tanlac has agreeably surprised us. While we knew Mr. Cooper and were aware of the success of his preparation had achieved in other cities of the country, yet we entertained no idea that the medicine would become so popular in such a short space of time in Louisville.

"Judging from the repeat sales and the expression of satisfaction from those who have actually tested Tanlac and who state that they have benefited by the preparation, Tanlac must therefore be something of unusual merit.

"The class of people who are buying Tanlac are among the best in the city, people who are able to judge impartially and who carry weight with their statements.

"Within a comparatively short space of time we have sold several thousand dollars worth of Tanlac. When it is considered

that the demand is confined to one preparation, the sale is to be considered unprecedented. In fact, it is the biggest thing of the kind ever seen at our stores."

Tanlac, the premier preparation, is now on sale in Clay City at Eaton & McGuire's and in Stanton at Hardwick & Co's.

## The Tiger Plant Setter

The TIGER AUTOMATIC TRANSPLANTER makes the planter independent of the weather. You set your plants when you get your sprouts ready—it makes no difference whether the soil is dry or not.

The important feature of any transplanter is the mechanism. Examine the valve on the improved Tiger—valve has a flat rubber cut-off and 1 1/4 inch hose, which assures plenty of water when you want it and where you want it, and is a positive cut-off. The Tiger valve is not like other planter valves which have a rubber ball that becomes every other shape but round after one season's use.

The Tiger also has lever and pressure springs to regulate depth of shoes. Therefore, it can be used on much steeper land—can also be had with fertilizer attachment. If all the good qualities combined in The Tiger make it the very best—your judgement demands that you look it over before you purchase.

## FINDS CAUSE OF SEASICKNESS

German Surgeon Has Traced It to Irritability of Nerves in Interior of Ear.

The eminent German ear surgeon, Professor Bruns, tested more than one hundred persons by turning them in a revolving chair. He just reported that the symptoms were identical with seasickness. This is explained by the irritability of the three little semicircular canals in the inner ear which control the equilibrium of the body.

Tests of the central nervous system enabled Professor Bruns to predict whether "seasickness" would be likely to occur in those about to travel. Bruns and a physician named Fischer have found that this irritability of the semicircular canals and central nervous system can be controlled by atropin. It is said that when given as a preventive atropin will ward off an attack. During the attack this drug seems to stimulate the central nervous system rather than to paralyze the terminal or peripheral nerves. In this case caffeine might be substituted for atropin, or other drugs might control the collapse and prostration.

The theory that the semicircular canals have really the function of regulating our sense of equilibrium and direction has been disputed by many doctors, but the peculiar arrangement of these canals in the three planes of direction makes the theory more than probable.

## New Anthracite Field.

The discovery of a twenty-foot vein of anthracite in Pennsylvania is good news for everybody. The Pennsylvania papers say that this is the second recent discovery in the Bear Ridge mountain region, and the third of importance in the anthracite territory within a few years. If we do not know the resources so familiar and so abundant in the anthracite territory of Pennsylvania, the discovery is such that the world at large still holds unsuspected riches, even at the time that the alarm of exhaustion is raised anew. Forty years ago, when the annual production of anthracite ran about 25,000,000 tons, alarmists thought there would soon be no more. Now the output is about fourfold, and the discoveries continue.—New York Times.

Institute, Chicago.)

## LESSON FOR JUNE 13

### BLESSEDNESS OF FORGIVENESS.

LESSON TEXT—Psalm 32.  
GOLDEN TEXT—Blessed is he whose  
transgression is forgiven, whose sin is  
covered—Psalm 32:1.

This psalm is believed to have  
grown out of David's experience with  
Nathan (see Rom. 4:6-8). It is the  
second of the seven so-called "peni-  
tential psalms" (6, 32, 38, 51, 102, 130,  
143). While it is sad, it is at the same  
time one of the most joyful of all  
psalms. It is the record of bitter sor-  
row and also of heartfelt praise, and  
is as vital in its message today as the  
day it was given to the world.

1. The State or Condition of Happi-  
ness. (1) What is happiness? vv.  
1, 2. The blessed or happy man is the  
one whose sin is covered. God only  
can forgive sin and has plainly set  
before us his agency, viz., the shed  
blood. David as king enjoyed the  
pleasures of life, but he also knew the  
result of hidden sin, of sins covered.  
The joy of forgiveness is offered to  
all who accept God's gift of justifica-  
tion (Acts 10:43). The psalmist seems  
to multiply words. "Transgression"  
means rebellion; "sin" to miss the  
mark (Rom. 3:23); "iniquity," to be  
crooked. When men try to cover sin  
we are expressly told the result (Prov.  
28:13), but God literally takes away  
when he forgives and "covers" sin  
(John 1:29; Ps. 103:12; 85:2). Nei-  
ther man or devil can uncover what  
he has covered. (2) Who is unhappy?  
vv. 3, 4. Contrasted with the state or  
condition of happiness granted to the  
forgiven sinner is presented that of  
those unforgiven. David kept silence  
without only to have a raging tempest  
within—lips silent, bones "roaring."  
During the days of David's silence fol-  
lowing his sinful act he was guilty of  
increased acts of sin and cruelty (2  
Sam. 12:31). The origin of the word  
Selah is not known. It probably indi-  
cated a musical interlude and in this  
psalm most appropriately and drama-  
tically appears. (3) How we may be  
happy, vv. 5, 6. All sin is uncovered  
to God. His all-seeing eye can pene-  
trate man's futile endeavors to hide  
his transgressions. The first step to  
forgiveness and to happiness is con-  
fession of guilt. God's heavy hand  
wrought saving faith in David and  
such faith has as its first condition  
confession, "I acknowledged my sin."  
Such confession is full and frank.  
Nothing is held back nor has it any  
element of hypocrisy, and it always  
secures results (I John 1:9; Luke 15:  
20-23).

The godly man, the man who is the  
recipient of God's grace thus bestowed,  
prays in a time "when thou mayest be  
found," or (see margin) "in the time  
of finding out sin" (v. 6 R. V.). The  
prophet tells us that there is a time  
when we may not find God (Isa. 55:6)  
and Paul tells us when he may be  
found (II Cor. 6:2).

II. How to Continue in the State of  
Being Happy. (1) Our security (v. 7).  
When men forgive they do not "cover."  
What God hides he forgets (Isa. 38:17;  
Micah 7:19). Our security, our "hid-  
ing place" is Jehovah. Our preserver  
is Jehovah (Ps. 91:21; Isa. 32:1, 2).  
Jehovah preserves from trouble those  
whom he forgives (Ps. 34:19). Such  
men have a serenity, a "peace" even  
the "peace of God" which the sinner  
can never have (Isa. 26:3; Rom. 5:1;  
Phil. 4:7). (2) Our instructor (vv. 8,  
9). (a) Positively—we have one who  
not only forgives and blots out the  
past but one who has promised to  
"instruct," to "teach" and to "guide."  
Nearly all believe that the introduc-  
tion of the personal pronouns in verse  
8 indicate that God is speaking in  
response to David's appeal recorded in  
verse 6. Jehovah guides with his "eye  
upon" us (v. 8 R. V.). He instructs  
us by his spirit through his Word  
(Ps. 119:105; John 16:13). (b) Neg-  
atively—Some must needs be directed  
by "bit and bridle." Some have to  
learn through bitter experience. We  
have our choice. Those who will not  
listen to instruction are compared to  
the horse and the mule who "have no  
understanding." Even so they are  
more useful than those who wildly  
run after sin. Only thus can some  
"come near" (v. 9 R. V.) though that  
is better than not to be brought near  
at all. (3) Our faith (v. 9). What  
kind of a life will God's forgiven chil-  
dren live? What is one of the fore-  
most characteristics of a happy life?  
Here is the answer. "He that trusteth  
in the Lord." This is the conclusion  
of the whole matter.

Our only joy is in the Lord "who  
hath done marvelous things whereof  
we are glad."

Christ is the incarnate mercy and  
grace of God. In him we have God's  
forgiveness.

He supplies our every need (Phil.  
4:19). He pardons, heals, restores, di-  
rects, gives power (Matt. 28:18-20).

Joy and impurity are never compan-  
ions. Only the pure can purify. Only  
the healthy can heal. Only the right-  
eous and free can pardon.

"Rejoice in Jehovah! and leap for  
joy, O righteous! and gladly shout all  
ye upright in heart."—Maclaren.

To shout a godly and acceptable  
shout demands that we be "upright in  
heart."

### Wasted Her Breath.

Paul had taken off his shoes and  
one still remained in the middle of  
the floor. Little Ruth came running  
in and accidentally stepped on it. "Oh,  
excuse me," she exclaimed, and she  
turned and saw no one except an old  
shoe. Angry, she said: "Why, you  
ain't no one, and I wasted my breath  
all for nothing."
